NO GAME AT BEACH TODAY

There will be no game at Palmetto Beach this afternoon unless it be among youngsters. Charlie Villar tried to get Tallahassee here for a series of three games this week, but failed on account of the capitals having games scheduled.

Probably next week Tallahassee or Chipley will be fought here by Villar.

LAST DAY FOR HUMAN FISH

Have you seen "The Human Fish" at the Bijou Theatre?
This seems to be the popular question of the day in this city, and the answer almost invariably is "yes." Thousands have gone out to see Captain Beach's wonderful performance under water, and it has been an unique exhibition to all. Tomorrow is the last day, and those who have not seen it should not fail to do so today or tomorrow, as it is doubtful if the opportunity will ever be presented here again.
This is not all, however, because the Bijou offers an exceptional bill for this week. Conley and Conley are strong favorites, and they are popular with all classes. Everything is fine at the Bijou at all times, and the slogan seems to be "better than ever" every week.

OFFICER STRUCK WHEN ATTACKED

Profiting by his experience of a few weeks ago, when he was attacked by a number of negro men and women while serving attachment papers, Deputy Sheriff Lonnie Fillingim yesterday struck Kate Davis, a negro woman, when she jumped him.
The deputy, armed with attachment papers for some furniture which the woman had mortgaged, went to the house. He no sooner informed the woman of the purpose of his visit when trouble commenced. The woman was given a blow on the head, which necessitated the county physician being called to the county jail, where the woman was taken.

MANY IN NEED OF CLOTHING

Capt. McAfee of Salvation Army Calls for Public Aid in the Matter.

According to Captain McAfee of the Salvation Army and his able corps of local assistants there is at present a remarkably large demand being made on the army in Pensacola for cash out clothing.
Those who have made their needs known through the medium of the Salvationists, are, in the opinion of those who are conversant with their conditions, wholly deserving of every aid which the public may be willing to administer, and the receipt of children's clothes will be especially appreciated.

The recent hard times which have been experienced in the community, has in a measure been the cause of an unusual amount of want among the very poor, and Captain McAfee should receive the aid which he needs in carrying on the work of the local branch through a season which, from its outset has been full of difficulties, from the enormous amount of work which has arisen through existing conditions.

A Weaking
is the only way to describe the poor child that is afflicted with worms. No matter how much or how often it eats, the worms get all the nourishment from the food, the child gets practically none. White's Cream Vermifuge gets rid of the worms quickly, easily and with no bad after effects. Price 25 cents a bottle.

LAST TRIP OF THE MANTEO

Service to Be Discontinued When She Reaches Mobile Tomorrow.

When the steamer Manteo, which has been plying in the local coast trade for several months, completes the present trip, which will be when she reaches Mobile tomorrow, she will be withdrawn from the trade. At least this will be done temporarily. This is due to lack of business, although the vessel took out fairly good cargoes from Pensacola during the time she has been running. The following circular letter issued by General Manager Cobb, of the Mobile and Gulf Steamship Co., reached Pensacola from Mobile yesterday:

"On account of the depression of business which makes it unprofitable to continue in the present trade the steamship 'Manteo' will discontinue service between Mobile, Pensacola, St. Andrews Bay, Apalachicola and Carrabelle, on August 29th, 1908, until further advised.
We assure you of our appreciation of the support accorded us while in trade and regret our inability to continue in the service."

Real Estate Transfers.

Following is a list of the real estate transactions recorded yesterday as furnished by the Pensacola Abstract Co.:

CHAS. H. HILL PASSES AWAY

Man With a Varied Naval Career Dies in Local Hospital.

No definite arrangements have as yet been made as to the funeral of the late Chas. H. Hill who after a violent illness, passed away Wednesday afternoon at St. Anthony's hospital. Immediately after his death, his wife, who with her two married daughters resides in Atlanta, was notified on the advice of a brother of the deceased, when the matter of funeral arrangements came to be discussed. An answer was received to this message yesterday afternoon by Undertaker Robinson, which gave instructions for the body to be interred here. However, as there were no further details expressed, the funeral arrangements will probably not be perfected until more definite news is received from the relatives of the dead man.

A Varied Career.
Chas. Hill, who, previous to his illness and subsequent death had been a familiar figure about Pensacola for the past three years, was a man with a varied career.

A military man by nature and through a most thorough education, he was graduated at Annapolis with honors while still in the first flush of his early young manhood, starting at once upon his world wide life experiences, in the pursuit of the desire for the most active of service.

He travelled from one country to another, being in the service at one time and another of the United States, Brazil, Chili, and South Africa, being at one time rear admiral in the navy of Chili, and in command of the fighting fleet of that country.

Fate, however, who had toyed with the remarkable destinies of the man throughout his bout with the world general, was after all to be the unkind mistress whom she sometimes turns, even to the prime favorites, and, after a history brilliant in the achievements of things which had been preeminently worth while, he returned to the life of a civilian, to end his days in the peaceful pursuits of men.

He identified himself with less sensational modes of securing a livelihood than that of figuring among the fighting forces of the warring nations of the world, the bright figure in international military affairs which he had been.

But peace fell in with certain ways of landmen, which while they served to fill in the monotony, were in the end to prove his ruin. Finally after it all, he laid himself down, the complete physical wreck that he was, to fight the last fight with a piteous ill success, and to be finally mustered in by the Hosts Above.

Was Well Known.
There will be many of the local friends of the deceased who will learn with regret of his death coming as it did, among practical strangers.

His wife, who had visited him during his recent illness, had left but three days previous to his death, going to her home in Atlanta in the belief that he was soon to recover.
During the past few months of his life, he had lived the life of a model citizen in every respect, and those who knew the man, appreciated his every capabilities, coupled as capabilities some times are, with an inborn weakness of an untamed soul, and knew of the place which he had held in the world's greatest struggles of modern times, will feel a regret in the passing of such a man, which will be general indeed.

RAPID WORK ON BUILDING

The Old Clubbs Building Being Demolished at Fast Rate.

Some rapid work in demolishing the old three-story Clubbs building at the corner of Palafox and Government streets is being done by the contracting firm, the Schenck Brothers. Construction Co. The second and third stories of the building have been demolished, and workmen are now engaged in removing what is left of the first story, with the prospect that this will be completed before the first portion of next week.

A large number of teams are now employed in removing the brick and other material contained in the old building, and the site will be cleared of all debris almost as soon as the work of wrecking the building is completed.

CUTTER UNDINE TOWED TO CITY

The navy yard cutter Undine, which is used in transporting clerks of the navy yard to and from the city, was towed up to Palafox wharf yesterday afternoon by the tug Okolosa, having broken down when off Perdido wharf. The vessel started out from the yard at the usual time with the clerks aboard, and had almost reached the city when the machinery became disarranged and refused to work.

JACOBY NOW IN NEW QUARTERS

The Jacoby Produce and Commission Co. has moved from No. 127 E. Government street, to the two-story brick building, Nos. 129 and 131 East Government street, formerly occupied by the Pryor Produce Co. This move was made necessary by the increased business of the firm demanding more room.

CONCERT HELD LAST NIGHT

Seville Square Filled With a Large Crowd of Interested Spectators.

The usual weekly concert given by Wier's band in Seville square took place last evening, a large crowd being present, and showing an evident appreciation in the sweet strains of music as discoursed by the band.
An unfortunate occurrence, which, it is assumed, will not take place again, somewhat marred the pleasure of last night's events, when a crowd of boisterously inclined persons appeared in the park, making it difficult for many to hear.
Officers were sent for, and the disturbance quieted. After this, officers will probably be stationed in the park throughout the entire evening in order to prevent any recurrence of the trouble of last night.
